• Key Features

Design for your work
The product is optimized for your work at enterprises based on built-in bar-code reader and waterproof/dustproof ratings.

Convenient side buttons
The product's dual-action side scan triggers enable you to conveniently scan a barcode. You can use the product for various usages including PTT hot-key.

A variety of accessories for enterprises
We provide 1 or 4 slot charging cradle, trigger handle, handstrap, stylus holder, etc. for your convenient use of the product and you can use the product along with the optical fingerprint module add-on and the UHF RFID reader sled (w/RFR900).

Slim, refined design
Its smartphone-like exterior and Android UI allow anyone to use it easily. Its light weight reduces your fatigue during work.

Reliable security management
It provides an environment where your company can safely operate the device via BOS™ SecureCare which is an android security service program of Bluebird.

Enterprise-class device at a reasonable cost
The product offers all essential features for SMEs, while allowing you to build a mobile environment of your company at a much lower cost than the existing full-rugged devices.
